

carmen goetz

software developer

Saskatoon, SK, Canada. Remote work, willing to relocate

profile

I am a full stack developer at 7shifts in Saskatoon, looking for an opportunity to build my career by utilizing my skills.

experience

Software Developer 07/2019 – Present
7shifts: Restaurant Scheduling - Saskatoon, Canada

- Pairing and collaborating with my team members, facilitating knowledge transfer and continual learning
- Writing high quality clean / scalable / reusable code while being aware of scope
- Providing valuable code feedback in code reviews on consistency, pattern use, and test coverage
- Presenting solutions and leading projects that will execute on the team / department / company roadmap

Workshop Facilitator & Mentor 02/2017 – Present
Canada Learning Code - Saskatoon, Canada

- Teach learning experiences for Canada Learning Code at the Saskatoon Chapter
- Present theory, give code examples and exercises, and assist learners with the content
- Provide 1-on-1 support for learners, adults and children, throughout day long workshops

Volunteer Chapter Coordinator 05/2019 – 08/2020
Canada Learning Code - Saskatoon, Canada

- Ran Canada Learning Code learning experiences and community events smoothly
- Managed social media accounts for Saskatoon Chapter to promote events, and reach out to the community
- Streamlined local events for Canada Learning Code
- Acquired learners, mentors, and facilitators for upcoming events utilizing my abilities to network within the community

Sales and Service Representative 06/2013 – 03/2019
SaskTel - Saskatoon, Canada

- Working in a large call centre in a fast-paced sales department
- Meeting and exceeding quarterly sales targets
- Navigating complex computer systems

education

Computer Systems Technology 2019
Graduated from CIPS accredited Diploma program through Saskatchewan Polytechnic in Saskatoon, Canada.
